

TOTALSHIELD® II SURGICAL HELMET SYSTEM

Comfortably Maximizing Surgical Performance

Maximum Protection¹

- AAMI Level 4
- Highest liquid barrier protection level
- Breathable sleeves designed to prevent gloves from rolling down

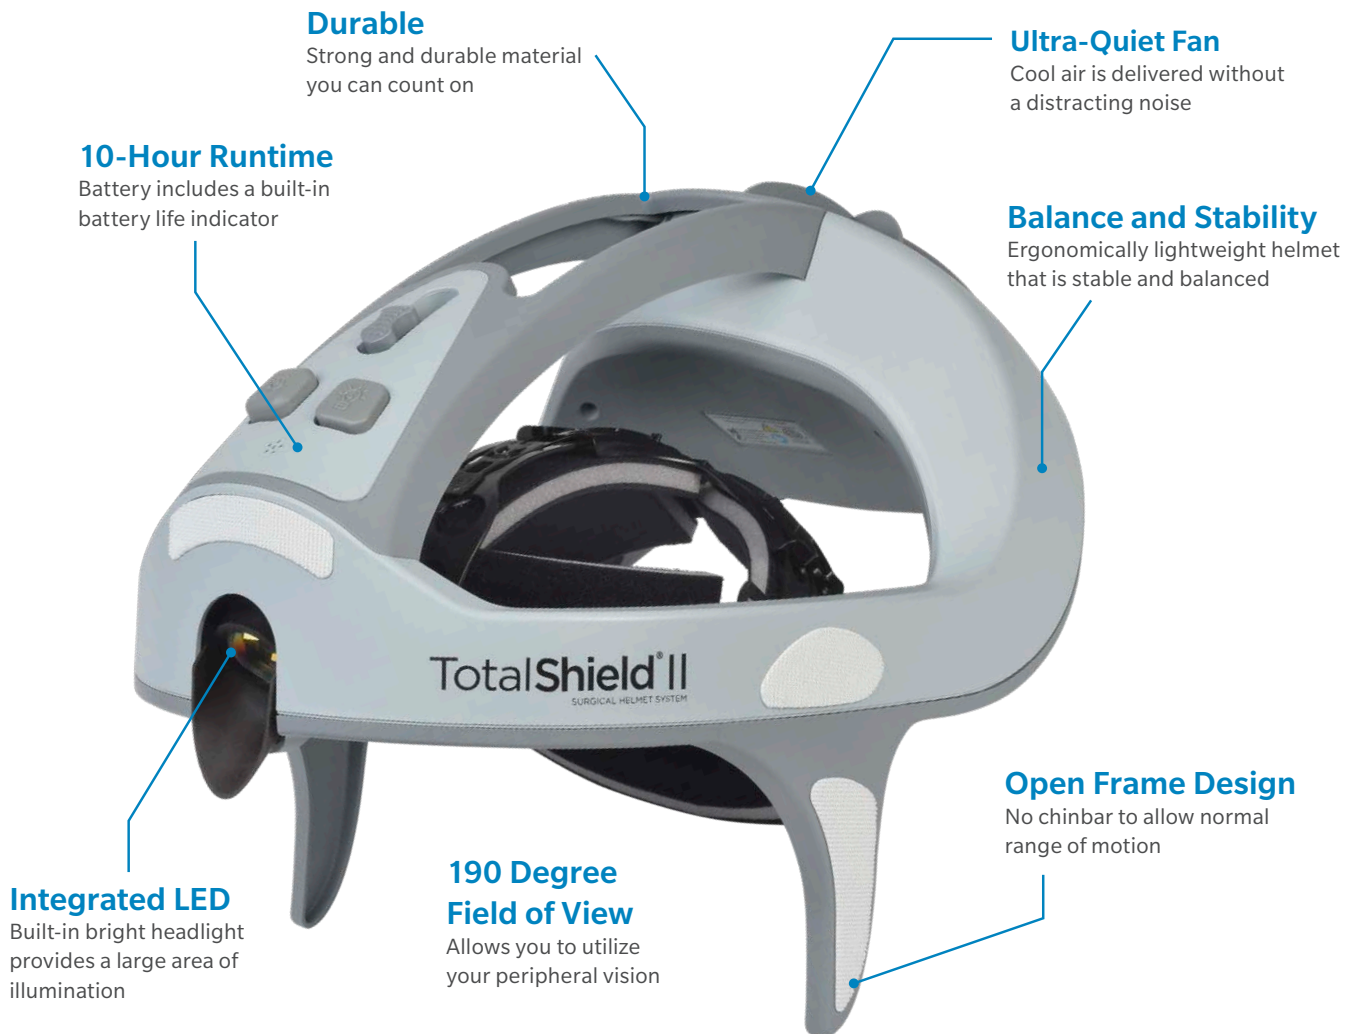

Engineered for Total Comfort

- Lightweight and breathable
- Designed to reduce heat and CO2 accumulation
- Shield material is anti-glare and allows for easy cleaning

1. TotalShield II Togas are compliant to AAMI Level 4 standards in critical areas, as defined by ANSI/AAMI PB70:2012

Comfort With Maximum Protection.

The TotalShield II System comfortably maximizes surgical performance because of its personalized fit and ultra-quiet fan. Our surgical helmet system provides the highest protection available so you don't have to sacrifice comfort for protection.¹

Cool

Designed to reduce heat, CO2 and direct air away from the user's eyes

Comfortable

Boa® Fit System for a personalized fit designed to reduce pressure points
