

Items for Recycling when buying New Zimmer Electrical and Electronic Equipment

Under the Sweden Regulation on Producer Responsibility for Electrical and Electronic Equipment which implements regulations for Waste Electrical and Electronic Equipment (WEEE) in Sweden, when customers buy new electrical and electronic equipment from Zimmer they are entitled to send old equipment for recycling on a one-for-one, like-for-like basis. Zimmer is an environmentally responsible company. We have decided to provide WEEE collection and recycling arrangements for all Zimmer electrical and electronic equipment, regardless of when it was purchased and when it became waste. Zimmer has established a recycling contract with the European Advanced Recycling Network (EARN) and will cover any costs of recycling the equipment in this box on arrival at an EARN recycling company. Please complete this label and attach it to a suitable box for transport of old equipment to EARN.

To be sent to:
